PROFILE

Former BA film graduate and current MA Advertising student. High level technical and creative ability with wide and flexible skillset. Keenness to learn and thrives when working within a collaborative team.

EDUCATION

MA Advertising — Norwich University of the Arts

Sep 2025 – Aug 2026

Develops understanding of advertising context, evolving industry practice and offers opportunity to develop campaigns, pitch in a semi-professional format and engage with agencies and local clients.

BA Film, Television and Digital Production — Bath Spa University

Sep 2021 – Aug 2024

Covers film theory, social and industry context and practical experience creating filmed content across different genres and types.

A Levels — Reepham College

Sep 2019 – Jul 2021

Media – A, History – B, Sociology – C

EXPERIENCE

SNS Social Media Agency (Work Experience)

- Attended meetings with clients and adjacent agencies
- Worked with team on shoots and coverage
- Researched and planned social media content
- Researched broader industry trends for client presentations
- Worked within a team system to liaise with clients
- Worked with analytics and insights
- Appeared on camera for certain branded content in photo and video shoots

Norwich Theatre — 'Student Saver Scheme'

Brief: Working with Norwich Theatre on a social media led project to advertise their newly introduced 'student saver scheme' and to reframe how younger audiences view the theatre to increase theatre attendance within that demographic.

- Carried out relevant research to gain insight and inform direction
- Developed a social media led campaign with potential for additional stretch across out of home
- Designed visual mock-ups and elements for pitch deck
- Presented to Norwich Theatre advertising team and advised on future direction

Krow Agency — 'Live Brief'

Brief: Create a multi-layered campaign for an erectile dysfunction spray that 'takes the pressure off men' and present to their team.

- Research from a wide array of different sources
- Come up with a unifying piece of insight and direction
- Use wide skillset including photography, 3D modelling and design to create high quality and consistent visuals
- Understand the social media habits of different demographics and create an approach that fits
- Present pitch deck to Krow's team

RELEVANT SKILLS

- High level technical and design skills with relevant software experience (Photoshop, Premiere Pro, After Effects, InDesign, Blender, Figma)
- High level research ability particularly in relation to demographics, market research and actioning to create a relevant campaign
- Comprehensive understanding of AI research and production tools
- Ability to plan and execute a broad campaign from initial research to final pitch
- Experience with team-based idea generation and project management
- High level expertise in videography and photography as well as editing and postproduction

ADDITIONAL INFORMATION

- Volunteered for Norwich Film Festival through the reviewing and selection process
- Worked pub front and back of house
- Filmed musical event for local community
- Can provide previous creative work examples
